

GLOSSARY

- AA** — avenue of approach; assembly area
AACG — arrival airfield control group
AATF — air assault task force
AATFC — air assault task force commander
AAV — assault amphibian vehicle
ABCCC — airborne battlefield command and control center
ABMOC — air battle management operations center
abn — airborne
A²C² — Army airspace command and control
ACA — airspace control authority
ACL — allowable cargo load
ACO — airspace control order
ACofS — assistant chief of staff
ACP — air control point
ACR — armored cavalry regiment
ADA — air defense artillery
ADC — assistant division commander
ADC-M — assistant division commander for maneuver
ADC-S — assistant division commander for support
ADCS — air defense coordination section
ADE — assistant division engineer
ADSO — assistant division signal officer
ADW — air defense warning
AFARN — Air Force air request net
AFSCoord — assistant fire support coordinator
AFSO — assistant fire support officer
AG — adjutant general
AGL — above ground level
AHB — attack helicopter battalion
AI — air interdiction
ALCE — airlift control element
ALO — air liaison officer
AM — amplitude modulation
AMB — air mission brief
AMC — at my command
ammo — ammunition
AMOPES — air mobilization and operations planning system
ANGLICO — air and naval gunfire liaison company
AO — area of operations
AOC — air operations center
AOR — area of responsibility
ARFOR — Army forces
armd — armored
arty — artillery
ASIC — all source intelligence center
ASL — authorized stockage level
aslt — assault
ASMB — medical battalion, area support
ASMC — medical company, area support
ASOC — air support operations center
ASPS — all source production section
AT — antitank
ATC — air traffic control
ATCCS — air tactical command and control system
atchd — attached
ATIZ — artillery target intelligence zone
atk — attack
ATMCT — air terminal movement control team
ATP — ammunition transfer point
ATS — air traffic service
auth — authorized
AVIM — aviation intermediate maintenance
AVLB — armored vehicle launched bridge
avn — aviation
AWACS — airborne warning and control system
AWOL — absence without leave
B — black
BAS — battalion aid station
BCOC — base cluster operations center
bale — brigade

BDOC — base defense operations center
BDU — battle dress uniform
BHL — battle hand-over line
bn — battalion
BOMREP — bombing report
BOS — battlefield operating systems
BP — battle position
BSA — brigade support area
BSFV — Bradley Stinger fighting vehicle
btry — battery
C2 — command and control
C3 — command, control, and communications
CA — civil affairs
cal — caliber
CANA — convulsant antidote nerve agent
CAPSTONE — program that aligns active component and reserve component units to meet the Total Army's wartime requirements
CAS — close air support
cav — cavalry
cbt — combat
CCIR — commander's critical information requirements
CCT — combat control team
CDR — commander
CDS — container delivery system
CEWI — combat electronic warfare intelligence
CFA — covering force area
CFFZ — call for fire zone
CFL — coordinated fire line
CFZ — critical friendly zone
CG — commanding general
cgo — cargo
CGy — centigray
chem — chemical
CHEMWARN — chemical warning
ci — counterintelligence
CID — Criminal Investigation Division
CIMIC — civil military cooperation
CINC — commander in chief
CIR — critical information requirements
CMD — collection, management, and dissemination
CMOC — civil military operations center
co — company
COA — course of action
CofS — chief of staff
COLT — combat operation laser team
COMINT — communications intelligence
COMJTF — commander, joint task force
COMMZ — communications zone
COMSEC — communications security
CONOPS — continuous operations
CONPLAN — concept plan
CONUS — continental United States
COSCOM — corps support command
CP — command post
CPX — command post exercise
CS — combat support
CSB — corps support battalion
CSE — combat support equipment
CSM — command sergeant major
CSS — combat service support
CW — chemical weapons
CWC — chemical weapons convention
CZ — combat zone
DA — Department of the Army
DACG — departure airfield control group
DAO — defense attache office
DAP — decontaminating apparatus
DEA — Drug Enforcement Agency
decon — decontamination
demo — demonstration
det — detachment
DF — direction finding
DFCP — DISCOM forward command post
DFSCoord — deputy fire support coordinator
DISCOM — division support command
div — division
DIVARTY — division artillery
DMMC — division materiel management center
DMMO — division materiel management office

DMOC — division medical operations center	F — Fahrenheit
DMSO — division medical supply officer	FA — field artillery
DOD — Department of Defense	FAA — forward assembly area
DOS — days of supply	FAAD — forward area air defense
DP — decision point	FAIO — field artillery intelligence officer
DPICM — dual-purpose improved conventional munitions	FARP — forward arming and refueling point
DRA — division rear area	FASCAM — family of scatterable mines
DRB — division ready brigade	fax — facsimile
DRF — division ready force	FCC — flight coordination center
DS — direct support	FCO — federal control officer
DSA — division support area	FDC — fire direction center
DST — division support template	FEBA — forward edge of battle area
DTG — date-time group	FEMA — Federal Emergency Management Agency
DTO — division transportation officer	FFA — free fire area
DZ — drop zone	FFIR — friendly forces information requirements
EA — engagement area	FIST — fire support team
EAC — echelons above corps	FLIR — forward looking infrared
EAD — echelons above division	PLO — fighter liaison officer
ECCM — electronic counter-countermeasures	FLOT — forward line of own troops
ECM — electronic countermeasures	FM — field manual; frequency modulated
EEFI — essential elements of friendly information	ft — foot, feet
EEI — essential elements of information	FORSCOM — US Army Forces Command
EEP — embassy evacuation plan	FRAGO — fragmentary order
elec — electric, electrical	FS — fire support
ELINT — electronic intelligence	FSB — forward support battalion
en — enemy	FSCL — fire support coordination line
enr — engineer	FSCoord — fire support coordinator
EOC — emergency operations center	FSE — fire support element
EOD — explosive ordnance disposal	FSMC — forward support medical company
EPB — electronic preparation of the battlefield	FSO — fire support officer
EPW — enemy prisoner of war	FSOP — field standing operating procedures
ESF — emergency support function	FTX — field training exercise
ESM — electronic support measures	G — green
EW — electronic warfare	G1 — assistant chief of staff, G1 (personnel)
EWL — engineer work line	G2 — assistant chief of staff, G2 (intelligence)
EWO — electronic warfare officer	G3 — assistant chief of staff, G3 (operations and plans)
EWSM — electronic warfare support measures	G4 — assistant chief of staff, G4 (logistics)
exec — executive	G5 — assistant chief of staff, G5 (civil affairs)
EZ — extraction zone	gal — gallon

gp — group	ID(L) — light infantry division
GPS — global positioning systems	IDAD — internal defense and development
GRREG — graves registration	IEW — intelligence and electronic warfare
GS — general support	IEWSE — intelligence and electronic warfare support element
GSE — general support element	IFF — identification, friend or foe
GSR — general support reinforcing; ground surveillance radar	IFV — infantry fighting vehicle
GTC — ground tactical commander	IG — inspector general
Guardrail — special electronic mission aircraft	IMINT — imagery intelligence
HAHO — high altitude, high opening	inf — infantry
HALO — high altitude, low opening	intel — intelligence
HD — heavy drop	IP — initial point
HE — high explosive	IPAO — intelligence preparation of the area of operations
hel — helicopter	IPB — intelligence preparation of the battlefield
HEMTT — heavy expanded mobility tactical truck	IPW — prisoner of war interrogation
HEPI — heavy equipment point of impact	IR — information requirements
HEP-T — high explosive plastic tracer	ISB — intermediate staging base
HET — heavy equipment transporter	ITV — improved TOW vehicle
HF — high frequency	JAAP — joint airborne advance party
HHB — headquarters and headquarters battery	JAAT — joint air attack team
HHC — headquarters and headquarters company	JAG — judge advocate general
HHT — headquarters and headquarters troop	JCS — joint chiefs of staff
HIDACZ — high-density airspace control zone	JIC — joint information committee
HIMAD — high-to-medium-altitude air defense	JOPES — joint operations planning system
HLZ — helicopter landing zone	JSEAD — joint suppression of enemy air defense
HMMWV — high mobility multipurpose wheeled vehicle	JSOC — joint special operations command
HN — host nation	JSOTF — joint special operations task force
hp — horsepower	JTF — joint task force
HPT — high payoff target	JTF-LA — Joint Task Force-Los Angeles
HPTL — high payoff target list	KEK — key encryption key
HQ — headquarters	kHz — kilohertz
hr — hour	KIA — killed in action
HRPT — highway regulating point team	km — kilometer
HSS — health service support	kmph — kilometers per hour
HUMINT — human intelligence	kt — kiloton
HVT — high value target	LAPES — low altitude parachute extraction system
I&S — interrogation and surveillance	LAW — light antitank weapon
ICM — improved conventional munitions	lb — pound
ID — identification	LC — line of contact

LCE — load-carrying equipment	MEDEVAC — medical evacuation
LCM — landing craft, mechanized	METL — mission essential task list
LCU — landing craft, utility	METT-T — mission, enemy, terrain, troops, and time available
LD — line of departure	METT-T-P — METT-T plus political factors
LEA — Law Enforcement Agency	MG — machine gun
LLTR — low-level transit route	MGz — megahertz
LO — liaison officer	MI — military intelligence
LOB — line of bearing	MIA — missing in action
loc — location	MIJI — meaoning, intrusion, jamming and interference
LOC — lines of communication	MLRS — multiple launch rocket system
LOGPAC — logistics package	mm — millimeter
LOGSEC — logistics security	MMC — materiel management center
LOS — line of sight	MOG — minimum on ground
LOS-R — line-of-sight rear	MOGAS — motor gasoline
LP — listening post	MOPP — mission-oriented protective posture
LRF — laser ranger finder	MORTREP — mortar report
LRS — long-range surveillance	MOS — military occupational specialty
LRSD — long-range surveillance detachment	MOUT — military operations on urbanized terrain
LRSU — long-range surveillance unit	MP — military police
LSA — life support area	mph — miles per hour
LSC — life support center	MRE — meals ready to eat
LSD — landing ship, docks	MRL — multiple rocket launcher
LSDIS — light and special division interim sensor	MRR — minimum risk route; motorized rifle regiment
LST — landing ship, tanks	MSB — main support battalion
lt — light	MSC — major subordinate command
LTACFIRE — lightweight tactical tire direction system	MSE — mobile subscriber equipment
LZ — landing zone	MSMC — main support medical company
m — meter	MSR — main supply route
MA — mortuary affairs	MTF — medical treatment facility
M/S — mobility and survivability	MTOE — modified tables of organization and equipment
MACG — marshaling area control group	MTP — mission training plan
MACOM — major Army command	NAI — named area of interest
maint — maintenance	NAPP — nerve agent pretreatment pyridostigmine
MANPAD — man-portable air defense	NATO — North Atlantic Treaty Organization
MBA — main battle area	NAVAID — navigational aid
MCO — movements control office (r)	NBC — nuclear, biological, and chemical
MCOO — modified combined obstacle overlay	
MCS — maneuver control system	
med — medical; medium	

NCA — National Command Authorities
NCO — noncommissioned officer
NCS — net control station
NEO — noncombatant evacuation operation
NFA — no fire area
NFL — no fire line
NGF — naval gun fire
NLT — not later than
no — number
NUCWARN — nuclear warning
NVD — night vision device
obj — objective
OCONUS — outside continental United States
OFA — obstacle free area
OIC — officer in charge
OMG — operational maneuver group
OP — observation post
OPCON — operational control
OPLAN — operation plan
opns — operations
OPORD — operation order
OPSEC — operations security
ops — operations
PA — public affairs
PAC — personnel administration center
PAO — public affairs office (r)
PERINTREP — periodic intelligence report
PIR — priority intelligence requirement
PL — phase line
pit — platoon
PM — provost marshal
PMO — provost marshal office
POC — point of contact
POL — petroleum, oils, and lubricants
POM — preparation for overseas movement
PP — passage point
PPI — personnel point of impact
ppm — parts per million
proj — project
PSC — personnel support company
PSYOP — psychological operations
PZ — pickup zone
Quickfix — tactical heliborne communications intercept, direction finding, and electronic countermeasures system
Quicklook — airborne noncommunications emitter detector
R — reinforcing/red
RAA — rear assembly area
RAAM — remote antiarmor mine
RADAR — radio detection and ranging
RAGS — regimental artillery group
RAP — rocket-assisted projectile
RCU — remote control unit
rd — round
rec — recorder
REC — radio electronic combat (Soviet)
recon — reconnaissance
REDCON — readiness condition
REMA B — remote marshaling base
REMBASS — remotely monitored battlefield sensor system
retrans — retransmission
RFA — restrictive fire area
RFI — request for information
RFL — restrictive fire line
RKV — rekeying variable
ROC — rear operations center
ROE — rules of engagement
ROM — refuel on the move
ROWPU — reverse osmosis water purification unit
ROZ — restricted operations zone
RP — release point
RPV — remotely piloted vehicle
R&S — reconnaissance and surveillance
RSL — remote spring launch
RSTA — reconnaissance, surveillance, and target acquisition
RTO — rail transportation officer
S1 — adjutant

- S2** — intelligence officer
S3 — operations and training officer
S4 — supply officer
S5 — civil affairs officer
SAAFR — standard use Army aircraft flight route
SAR — search and rescue
SCI — sensitive compartmented information
SEAD — suppression of enemy air defenses
sec — section
SEE — small emplacement excavator
semitrl — semitrailer
SERE — survival, evasion, resistance, and escape
7thID(L) — 7th Infantry Division (Light)
SF — Special Forces
SGS — secretary of the general staff
SHORAD — short-range air defense
SICPS — standardized integrated command post system
sig — signal
SIGINT — signal intelligence
SINCGARS — single channel ground and airborne radio system
SITREP — situation report
SJA — staff judge advocate
SLAR — side-looking airborne radar
smk — smoke
SOC — special operations command
SOCCE — special operations command and control elements
SOF — special operations forces
SOI — signal operation instructions
SOP — standing operating procedure
SP — start point; strongpoint; self-propelled
SPOTREP — spot report
sqd — squad
sqdn — squadron
SR — supply route
S&S — supply and service
STANAG — standardization agreement
SVML — standard vehicle missile launcher
SWO — staff weather officer
SYSCON — systems control
T — towed
TA — theater army
TAA — tactical assembly area
tac — tactical
TACAIR — tactical air
TAC CP — tactical command post
TAC FIRE — tactical fire direction system
TACON — tactical control
TACP — tactical air control party
TACS — tactical air control system
TACSAT — tactical satellite
TAI — target area of interest
TALO — tactical airlift liaison officer
TCAE — technical control and analysis element
TCF — tactical combat force
TCP — traffic control point
TDA — tables of distribution and allowances
TEK — transmission encryption key
TF — task force
THREATCON — threat condition
TIRS — terrain index reference system
tm — team
TM — technical manual
TMT — transportation motor transport
TOC — tactical operation center
TOE — table(s) of organization and equipment
topo — topographic; topography
TOR — terms of reference
TOT — time on target
TOW — tube-launched, optically tracked, wire-guided
TPL — time phase line
TRADOC — US Army Training and Doctrine Command
TRP — target reference point
TSOP — tactical standing operating procedure
TVA — target value analysis
UAV — unmanned aerial vehicle
UBL — unit basic load

UCMJ — Uniform Code of Military Justice

UHF — ultra high frequency

UMR — unit manning report

UN — United Nations

US — United States

USAF — United States Air Force

USG — US government

USMC — United States Marine Corps

USPS — United States Postal Service

UTM — universal transverse mercator

VFR — visual flight rules

VHF — very high frequency

VIP — very important person

V/S — Vulcan/Stinger

W — wheeled

WCS — weapons control status

WETM — weather team

WFZ — weapons free zone

WIA — wounded in action

WO — warning order

WP — white phosphorous

WX — weather

WXFCST — weather forecast

XO — executive officer
