

GLOSSARY

Acronyms and Abbreviations

AC	alternating current	CEWI	combat electronic warfare intelligence
ACR	armored cavalry regiment	cmd	command
ACSO	assistant corps signal officer	CNR	combat net radio
ACUS	Area Common-User System	co	company
ADA	air defense artillery	coax	coaxial
ADDS	Army Data Distribution System	COL	colonel
adj	adjacent	COMSEC	communications security
admin	administrative	CONUS	continental United States
ADP	automatic data processing	COSCOM	corps support command
ADSO	assistant division signal officer	CP	command post
ALB	AirLand Battle	CPT	captain
AM	amplitude modulated	CS	combat support
AR	Army regulation	CSH	corps support hospital
arty	artillery	C-SIGINT	counter-signals intelligence
ASC	area support concept	CSS	combat service support
ATACS	Army Tactical Communications System	CT	communications terminal
ATCCS	Army Tactical Command and Control System	CTA	common table of allowances
attn	attention	CW2	Chief Warrant Officer, W2
AUTODIN	automatic digital network	CW4	Chief Warrant Officer, W4
AUTOVON	automatic voice network	DA	Department of the Army
avn	aviation	DCO	dial central office
BAS	battlefield automated systems	dep	deputy
bde	brigade	DISCOM	division support command
BECS	Battlefield Electronic CEOI System	div	division
BIS	Battlefield Information Services	DMMC	Division Materiel Management Center
bn	battalion	DNVT	digital nonsecure voice terminal
C ²	command and control	DS	direct support
C ³ CM	command, control, and communications countermeasures	DSN	Defense Switching Network
CCS	common channel signaling	DSVT	digital subscriber voice terminal
CDR	commander	ea	each
CE	communications-electronics		

FM 11-30

EAC	echelons above corps	JTIDS	Joint Tactical Information Distribution System
ECB	echelons corps and below		
ECCM	electronic counter-countermeasures		
ECM	electronic countermeasures	kb/s	kilobits per second
EGRU	EPLRS grid reference units	km	kilometer(s)
engr	engineer	kW	kilowatt
EPLRS	Enhanced Position Location Reporting System	LDF	lightweight digital facsimile
EPUU	EPLRS user units	ldr	leader
EW	electronic warfare	LEN	large extension node
ext	extension	LENS	large extension node switch
FA	field artillery	LNO	liaison officer
fax	facsimile	LOC	lines of communications (logistical routes)
FEBA	forward edge of the battle area	log	logistics
FLOT	forward line of own troops	LOS	line of sight
FM	frequency modulation/field manual (when used with a number)	LT	lieutenant
freq	frequency	LTC	lieutenant colonel
FSB	forward support battalion	M	manual (in Appendix B only)
FSK	frequency shift keying	m	meter
ft	foot	maint	maintenance
G1	Assistant Chief of Staff, G1 (Personnel)	MAJ	major
G2	Assistant Chief of Staff, G2 (Intelligence)	max	maximum
G3	Assistant Chief of Staff, G3 (Operations and Plans)	MCS	maneuver control system
G4	Assistant Chief of Staff, G4 (Logistics)	med	medical
gen	generator	METT-T	mission, enemy, terrain, troops and time available
gp	group	mgt	management
GRU	grid reference unit	MHz	megahertz
HF	high frequency	MI	military intelligence
HHC	headquarters and headquarters company	MIJI	meaconing, intrusion, jamming, and interference
HMMWV	high mobility multipurpose wheeled vehicle	MMC	Matériel Management Center
HQ	headquarters	MP	military police
HTF	how to fight	MPN	MSE Packet Network
IAW	in accordance with	MSB	main support battalion
IHFR	improved high frequency radio	MSE	Mobile Subscriber Equipment
IMA	Information Mission Area	MSG	master sergeant
intel	intelligence	MSR	main supply route
IOM	installation, operation, and maintenance	MSRT	mobile subscriber radiotelephone terminal
ISSO	Information Services Support Office		

GLOSSARY-2

MTCC	modular tactical communications center	SCC	system control center (SCC-1 is the current SCC; SCC-2 when fielded will completely replace SCC-1.)
NAI	NATO analog interface		
NATO	North Atlantic Treaty Organization	SDNRI	secure digital net radio interface
NBC	nuclear, biological, chemical	SEN	small extension node
NC	node center	SENS	small extension node switch
NCO	noncommissioned officer		
NCS	net control station	sec	section
NCS-E	net control station-EPLRS	sep	separate
NCT	network control terminal	SFC	sergeant first class
NICS	NATO Integrated Communications System	SG	switching group
NMF	node management facility	SGM	sergeant major
NRI	net radio interface	SGT	sergeant
NS	node switch	SHF	super high frequency
NSV	node support vehicle	SICPS	standard integrated command post system
off	office/officer	sig	signal
OG	operations group	SIGO	signal officer
OIC	officer in charge	SINCGARS	Single-Channel Ground and Airborne Radio System
OPCON	operational control		
OPFAC	operational facility	SOI	signal operation instructions
OPORD	operation order	SOP	standing operating procedure
ops	operations	SPC	specialist
OTAR	over-the-air rekeying	SPO	security, plans, and operations
PCM	pulse code modulation	spt	support
PFC	private first class	SSG	staff sergeant
PLL	prescribed load list	SSI	signal standing instructions
pln	plans	SSO	signal staff officer
plt	platoon	STANAG	Standardization Agreement
PRSL	primary switch location	supv	supervisor
PSN	packet switch node	sw	switch
RAU	radio access unit	sys	system(s)
rcv	receive	SYSCON	systems control
REC	radio electronic combat	TACFIRE	tactical fire direction system
retrans	retransmission		
RF	radio frequency	TACSAT	tactical satellite
RI	routing indicator	TASE	Tactical Air Support Element
RMC	remote multiplexer combiner	TCP/IP	transmission control protocol/internet protocol
RSS	routing subsystem		
S1	Adjutant (US Army)		
S2	Intelligence Officer (US Army)		
S3	Operations and Training Officer (US Army)		
SAFK	stand-alone field kit		

FM 11-30

tech	technical	TROPO	troposcatter
ter	terminal	UHF	ultra high frequency
TOE	table(s) of organization and equipment	US	United States (of America)
TP	telephone	USA	United States Army
TRADOC	United States Army Training and Doctrine Command	V	volt
TRI-TAC	Tri-Service Tactical Communications	veh	vehicle
		VHF	very high frequency
		VHF-FM	very high frequency- frequency modulation
		xmit	transmit
		XO	executive officer
