

# Index

## A

- Actions After an Attack - **6-10, 5-3, 4-10**
- Actions Before an Attack - **6-9, 5-1, 4-1**
  - Aircraft Ground Operations - **4-9**
  - Armored Vehicles - **4-7**
  - Buildings - **4-5**
  - Earth-Shielded Positions - **4-3**
  - Field-Expedient Overhead Cover - **4-3**
  - Foxholes - **4-2**
  - Tents - **4-7**
  - Wheeled Vehicles - **4-8**
- Actions During an Attack - **5-2, 6-9**
  - Biological Attack Indicators - **5-2**
  - Immediate Actions - **5-2**
  - TOE Collective-Protection Systems - **6-9**
  - Weapon-Systems Collective Protection - **6-9**
- Alarms for Unit Defense - **2-23**
  - Sound - **2-24**
  - Visual and Audiovisual - **2-24**
  - Vocal - **2-23**
- AN/PDR27 Radiac Set - **1-15, 1-17**
- AN/VDR2 Radiac Set - **1-14, 1-16**
- Associated Equipment - **6-2**
  - Collective-Protection Alarm Systems - **6-4**
  - Cooling Systems - **6-2**
  - External integral protective entrance - **6-5**
  - Field-Expedient Collective Protection - **6-5**
  - Integral Protective Entrances - **6-4**
  - Internal Integral Protective Entrance - **6-5**
  - Protective Entrances - **6-4**
  - Single Air Lock - **6-4**
  - Two-Stage Air Lock - **6-4**
- Automatic Masking - **2-4**
- Avoidance - **iii**

## B

- Biological Protection - **5-1**
  - Actions Before an Attack - **5-1**

## C

- Casualty Estimation - **3-8**
- Chemical Vulnerability Assessment/Force Protection - **3-1**
- Cold Weather Operations - **A-0**
  - Biological - **A-1**
  - Chemical - **A-1**
  - Collective Protection - **A-3**
  - Individual-Equipment Problems - **A-1**
  - Nuclear - **A-0**
  - Protection Against Nuclear Attack - **A-0**
- Collective Protection - **iii, 6-0**

- Total System - **6-2, 6-3**
- Collective Protection, Types of - **6-0**
  - Hybrid System - **6-2, 6-3**
  - M20 Simplified Collective-Protection Equipment - **6-1**
  - M51 Shelter System - **6-1**
  - Modular Collective-Protection Equipment - **6-2**
  - Overpressure System - **6-1**
  - Ventilated-Facepiece System - **6-0**
- Collective-Protection Planning - **6-6**
  - Collective-Protection Uses - **6-6**
  - Logistics - **6-6**
  - Manpower - **6-7**
  - Other Requirements - **6-8**
- Collective-Protection Shelter or Van With Air Lock - **6-11**
- Entry Instructions for Ground-Troop Ensemble - **6-11**
  - Entry Instructions for Combat Vehicle/Aircrew IPE - **6-13**
  - Equipment - **6-11**
  - Exit Instructions for Combat Vehicle/Aircrew IPE - **6-13**
  - Exit Instructions for Ground-Troop Ensemble - **6-13**
- Collective-Protection Systems, Entry/Exit Procedures - **6-10**
  - Collective-Protection Shelter or Van With Air Lock - **6-10**

## **D**

- Decontamination - **iii**
- Decontamination Equipment - **1-9**
  - M258A1 Skin Decontamination Kit - **1-9, 1-10**
  - M291 Skin Decontamination Kit - **1-9, 1-10**
- Desert Operations - **A-3**
  - Biological - **A-37**
  - Chemical - **A-3**
  - Nuclear - **A-3**
- Detection Equipment - **1-9**
  - Chemical Agent Detector Paper - **1-11**
  - Individual Dosimeter - **1-9**
  - M256-Series Chemical Agent Detector Kit - **1-12**
- DS2 ABC-M11 Portable DECON Apparatus - **1-16**

## **E**

- Electromagnetic Pulse - **4-9**
- Entry/Exit Procedures for Collective-Protection Systems - **6-10**
  - Hatch Vehicular System Without Air Lock - **6-14**
- Environmental Factors - **2-20**
  - Personal Health Maintenance - **5-1**
  - Area Sanitation - **5-1**

## **F**

- Filter Exchange Criteria - **2-24**
  - Peacetime - **2-24**
  - Wartime - **2-25**
- First-Aid Equipment - **1-12**
  - Convulsant Antidote for Nerve Agents - **1-13**
  - Nerve Agent Pretreatment Pyridostigmine - **1-12**

**G**

Guidelines for NBC Portion of a Collective-Protection System SOP - **B-0**

**H**

Hatch Vehicular System Without Air Lock - **6-14**

Entry Instructions - **6-14**

Exit Instructions - **6-14**

**I**

IM174/PD Radiacmeter - **1-15**

IM93/UD Dosimeter - **1-14**

Immediate Actions - **4-9**

Individual-Equipment Problems - **A-1**

Battle Dress Overgarment - **A-2**

Chemical Protective Gloves - **A-2**

Chemical Protective Overboots and GVOs - **A-2**

M24/25-Series and M43-Series Masks - **A-2**

M256/M256A1 Chemical Agent Detector Kit - **A-2**

M258A1 Skin Decontamination Kit - **A-2**

M8 and M9 Detector Paper - **A-3**

Nerve Agent Antidote Kit, Mark I & II - **A-2**

Interior Procedures for Occupants - **B-2**

Exit Procedures - **B-2**

Monitoring Procedures - **B-2**

**J**

Jungle Operations - **A-4**

Biological - **A-4**

Chemical - **A-4**

Nuclear - **A-4**

**L**

Logistics - **6-6**

Maintenance - **6-4**

Supply - **6-4**

Transportation - **6-7**

**M**

M13 Portable Decon Apparatus - **1-16, 1-17**

M272 Water Testing Kit - **1-16, 1-14**

M34 Soil Sampling Kit - **1-14, 1-15**

Maintenance - **6-6**

Contaminated-Filter disposal - **6-7**

Gas Filter - **6-6**

Particulate Filter - **6-7**

Manpower - **6-7**

Entry Times - **6-7, 6-8**

Set-Up and Tear-Down Times - **6-7**

Shelter Security - **6-7**

Mask-Only Posture - **2-4**

Military Task Performance Problems in MOPP - **2-11**

- Miosis - 2-13
- Mission Factors - 2-17
- MOPP Analysis - 2-1
- MOPP Analysis Procedures - 2-16
- MOPP Gear Sustainment - 1-16
- MOPP Open/Unmasking Guidance - 3-10
  - MOPP Open Procedure - 3-11
  - Procedure With CAM - 3-11
  - Procedure Without CAM - 3-11
  - Safety - 3-10, 3-11
  - Worst Case MOPP Open/Unmasking Time Tables - 3-11, 3-18
- MOPP System Flexibility - 2-5
- MOPP Zero - 2-2
- MOPP1 - 2-3
- MOPP2 - 2-4
- MOPP3 - 2-4
- MOPP4 - 2-4
- Mountain Operations - A-4
  - Biological - A-4
  - Chemical - A-5
  - Nuclear - A-4

## **N**

- NBC Defense Training - 5-2
  - Collective Training - 5-2
  - Individual Training - 5-2
- Nuclear Casualties - 4-10
- Nuclear Effects in Special Environments - 4-10, A-0, A-3, A-4, A-5
- Nuclear Protection - 4-1

## **O**

- Obscuration - 4-1
- Operating Procedures for Shelter Guards or Nonshelter Personnel - B-2
  - Assisting Shelter or Van Operations - B-2
  - Exiting - B-2
  - Monitoring - B-2
- Operation of Collective-Protection System - 6-9
  - Actions Before an Attack - 6-9
  - Actions During an Attack - 6-9
  - Actions After an Attack - 6-10
- Operations in Special Environments - A-0
  - Airborne and Air-Assault Operations - A-5
  - Cold Weather Operations - A-0
  - Desert Operations - A-3
  - Jungle Operations - A-4
  - Mountain Operations - A-4, A-5
  - Urban Terrain Operations - A-5
- Other Requirements - 6-8
  - Camouflage - 6-8
  - Communications - 6-8
  - Illumination - 6-8
  - Latrines - 6-8
  - Warning and Detection - 6-8

Water - **6-8**

## **P**

- Personal Health Maintenance - **5-1**
  - Good Hygiene - **5-1**
  - Physical Conditioning - **5-2**
  - Up-to-Date Immunizations - **5-1**
- Personnel Entry Procedures - **B-0**
  - Entry Into Shelter or Van - **B-1**
  - General Guidance - **B-0**
  - Preliminary Steps - **B-0, B-1**
  - Removal and Storage of Mask and Hood Assembly - **B-1**
- Physiological Factors - **2-6**
  - Heat Stress in MOPP - **2-6**
  - Inadequate Nutrition - **2-8**
- Protection - **iii**
  - Collective Protection - **iii**
  - Force Protection - **iii**
  - Individual Protection - **iii**
- Protective Ensemble - **1-0**
  - Battledress Overgarment - **1-0, 1-1**
  - Chemical Protective Footwear Covers - **1-4, 1-5**
  - Chemical Protective Glove Set - **1-3, 1-4**
  - Chemical Protective Helmet Cover - **1-5**
  - Chemical Protective Overgarment - **1-1**
  - Contamination Avoidance Suit - **1-2**
  - Green Vinyl Overboots - **1-4**
  - Integrated Battlefield Aircrew Uniform - **1-3**
  - NBC Equipment Bag - **1-1**
  - NBC Protective Covers - **1-5**
  - Toxicological Agent Protective Apron - **1-3**
- Protective Equipment - **1-0**
- Protective Masks - **1-5**
  - ABC-M24 Aircraft Protective Mask - **1-8**
  - M17A1/M17A2 Field Protective Mask - **1-5, 1-6**
  - M25/M25A1 Tank Protective Masks - **1-6, 1-7**
  - M40 Field Protective Mask - **1-6**
  - M42 Combat Vehicle Crewman Mask - **1-7, 1-8**
  - M43 Aircraft Protective Mask - **1-8**
  - Special Purpose Masks - **1-8**
- Psychological Factors - **2-9**
  - Combat Stress - **2-9, 2-10**
  - Psychological Symptoms - **2-10, 211**

## **R**

Retaliation - **iii**

## **S**

- Shelter or Van Emergency Operations - **B-1**
- Shelter Selection - **4-1**
- Soldier Factors - **2-2 0**
- Standard Mission-Oriented Protective Postures - **2-2**

Standard MOPP Gear and Field-Expedient Items - 3-6  
Supplies of Expendable Items - B-3

**T**

Terrain Use - 4-1  
    Depressions and Obstructions - 4-1  
    Hills and Mountains - 4-1  
Troop Preparation - 2-14  
    Plan Ahead - 2-15  
    Train Thoroughly and Realistically - 2-14, 2-15

**U**

Understanding/Managing Performance Problems - 2-6  
Unmasking Procedures - 2-24  
    Using M256-Series Chemical Detector Kit - 2-24  
    Without M256 Chemical Detector Kit - 2-24  
Urban Terrain Operations - A-5  
    Biological - A-5  
    Chemical - A-5  
    Nuclear - A-5  
Use of MOPP Guidance - 2-22  
    Battalions and Companies - 2-22, 2-23  
    Platoons and Squads - 2-23  
Use of NBC Reconnaissance Assets - 3-7
